

LIFEGLOBAL® OIL

LifeGlobal® Oils

High-quality, pre-washed oil for ART

LifeGlobal Oils

High-quality, pre-washed, pharmaceutical-grade mineral oils for ART, available in high, medium and low viscosity options.

LifeGlobal oils are specifically designed and tested for IVF. To ensure a high-quality product, each batch is triple quality checked and tested for peroxide values (≤ 0.1 mEq/kg), sterility, endotoxin levels and 1-cell mouse embryo assay (MEA).

Product Specifications

- Sterile filtered
- POV ≤ 0.1 mEq/kg
- Ready-to-use after equilibration at 37°C and 5–6% CO₂
- Recommended storage in the dark at 15–25°C
- Shelf life: 24 months from date of manufacture

Product Name	Description	Volume (mL)	Product Code
LifeGuard® Oil	High viscosity oil, for continuous culture to protect embryos from VOCs	100	LGUA-100
		500	LGUA-500
LiteOil®	High viscosity oil, amber bottles	100	AMLG-100
	Medium viscosity oil, for culture and micromanipulation	100	LGOL-100
		500	LGOL-500
Paraffin Oil P.G.	Medium viscosity oil, amber bottles	100	AMLO-100
	Low viscosity oil, for culture and micromanipulation	100	LGPO-100
		500	LGPO-500
	Low viscosity oil, amber bottles	100	AMPO-100
