

# G603 Work Chamber

---

Mobile work chamber with a closed system  
incubator-like environment

# G603 Work Chamber

## Features included as standard:

- Alu Heat technology – 3 heating zones
- Heated stainless steel surface with superior temperature control
- Built-in gas-mixer recirculating humidified and warmed gas
- Very clean working environment with VOC pre-filter, and UV light HEPA filter
- Heated glass Ø90mm – LED light
- Sensors – temperature, gas, humidity
- USB, HDMI outlets
- Data logging as standard
- Easy access through side doors or front opening
- Ergonomic Danish design with electrical height adjustment

## Option:

- Shelf for gas bottles

Data	G603
Width (mm)	940
Depth (mm)	830
Height (mm, standard stand)	1720
Power (kW)	0.483
Alu Heat technology	Standard
No. of heating zones	3
<b>Heated Glass</b>	
Position	M
Size (mm)	Ø90
Separate heating zones	1
Light source	LED
Stereomicroscope preparation	Standard
Sliding window with ocular bag	Standard
Gassing/humidification	Integrated
120 – 240V	X
<b>Filter</b>	
HEPA14	Standard
VOC pre-filter	Standard
UV light	Standard
Electric height adjustment	Standard
Working height (mm, electrical stand)	750 – 1500
Packing included	Standard
